

Creating a New Reality: A Sustainable Digital Transformation

Updates and Reminders, March 6th

Call for Posters - extension

The deadline for submitting abstracts has been extended to March 16th. Please consider submitting a poster. There will be a prize awarded for the best poster! [Full details of the call for posters and how to apply can be found here.](#)

Registration deadline: April 7th

The meeting is being held on the premises of the Oxford Department and there will be no access without registration. [Please register here.](#)

Requests for travel support: deadline March 11th

We are offering travel support for delegates, but this will not be possible for anyone who registers after March 11th. To request support please tick the appropriate box in the registration form (see above).

Extended list of keynote speakers

We now have four confirmed keynote speakers:

- **Professor Myles Allen**, Principal Investigator, Oxford Net Zero
- **Alyssa Gilbert**, Director of Innovation at Grantham Institute for Climate change and the Environment, Imperial College
- **Professor David Wallom**, Professor in Informatics, Associate Director - Innovation of the Oxford e-Research Centre
- **David White**, Chief Digital Information Officer, University of Oxford

Clarifications on our FAQ page

There are further clarifications about the travel support, online options, and diversity on [our FAQ page.](#)
